England's Test series in Sri Lanka postponed

Due to the Covid-19 pandemic worsening globally, and after discussions with Sri Lanka Cricket, we have today made the decision to return our players to the U.K and postpone the forthcoming Test series between Sri Lanka and England.

At this time, the physical and mental wellbeing of our players and support teams is paramount. We will now look to bring them home to their families as soon as possible. These are completely unprecedented times, and

decisions like this go beyond cricket.

We would like to thank our colleagues at Sri Lanka Cricket for their outstanding support and assistance throughout this situation. We look forward to returning to Sri Lanka in the very near future to fulfil this important Test series.
