## Toyota Disability Premier League Final 2025 to be held at Sophia Gardens, Cardiff

Toyota has been confirmed as the new title partner of the Disability Premier League, with the first Toyota Disability Premier League Final due to be held at Sophia Gardens, Cardiff, on Wednesday 10 September 2025.

The match will be staged ahead of the first Vitality IT20 between England Men and South Africa Men and will also be broadcast live on Sky Sports.

Toyota was announced as the new Principal Partner to the ECB in April, with a commitment to supporting England's men's, women's and disability cricket

teams. The partnership is also focused on fostering the growth of grassroots participation nationwide, encompassing all ages, abilities, and backgrounds.

Under the shared vision to make cricket more accessible and inclusive, Toyota also becomes the first Official Champion of Disability Cricket and the title partner of the Toyota DPL.

Alongside growing the Toyota Disability Premier League tournament nationwide, Toyota and the ECB are committed to growing Disability Champion Clubs, with a view to expand participation beyond the men's teams. This includes a lens on women's grassroots initiatives to build a strong foundation for increased female participation at all levels.

It's the second year in a row that Glamorgan CCC will host the Disability Premier League Final, having been the venue for Pirates' victory over Tridents in 2024.

Emma Johnson, Toyota GB Marketing Director said: "As the ECB's Principal Partner for men's, women's, disability and grassroots cricket, we are pleased we can help, support and inspire both the current and next generation of disability team players, volunteers and fans who make disability cricket happen. At Toyota, mobility is at the heart of everything we do and through these initiatives, we're helping more people enjoy cricket, be active and connect through sport."

Ian Martin, ECB Head of Disability Cricket, said: "The DPL has gone from strength to strength since its inception in 2022 and we're thrilled that it is now the Toyota DPL. To have the backing of a global company like Toyota is incredibly meaningful for us and they'll play a huge role in helping drive the disability game forward. Glamorgan did a fantastic job hosting the final in 2024 and we're delighted to be back in September."

Tickets are available [here](#).
